Re: Transfer of Approved Notice of Intention  
ACT/023/004

Dear Mr. Smith:

Pursuant to the terms of a Lease and Purchase Option Agreement dated March 21, 1984, between Southwestern Cement Enterprises Inc., a Delaware corporation ("Southwestern"), and Martin Marietta corporation ("Martin"), Southwestern leased from Martin for a period of years, among other things, an existing cement Plant and related facilities, in Leamington, Utah ("Plant"). Martin operated the Plant and conducted mining operations under Approved Notice of Intention ACT/023/004. This letter is to request, on behalf of Southwestern, that you transfer that Approved Notice of Intention to Southwestern in accordance with Section 40-8-19 of the Oil and Gas Conservation General Rules and Regulations. Southwestern is making arrangements to fulfill your financial assurance requirements and will submit the appropriate documentation in that regard under separate cover.

Please let us know if you require additional information in reference to the transfer of the permit. Thank you for your cooperation.

Very truly yours,

Bracewell & Patterson
